

TRUSTED PARTITIONING EXPERTS.

Helping Contractors Deliver Exceptional Spaces.

Glass and solid systems designed for ease,
performance, and professional results.

www.kcapartitioning.co.uk

Trusted by Contractors. Built for Fit-Out Projects.

At KCA, we help contractors deliver projects on time, on budget and without headaches.

From clear specs to fast lead times, matched with a partitioning range that compliments the requirements of any project small or large. We understand the demands of your world, and we design our service around it.

“ We have been using KCA for several years, Vinnie and the team offer the outstanding customer service and logistics we need to keep our sites operating efficiently. ”

Phil Head, Medway Office Interiors Ltd

NATIONWIDE COVERAGE

We support projects across London, the South East, and throughout the UK – wherever you need us, we deliver.

DELIVERIES MADE ON OUR OWN TRANSPORT

We don't rely on third parties. Your order is delivered by our own team, ensuring it arrives safely and on time.

FULLY STOCKED 5,000 SQ FT WAREHOUSE

With a large on-site stockholding, we can fulfil orders quickly and keep lead times to a minimum.

EXPERIENCED SALES & DELIVERY TEAM

Our people are specialists. From product advice to on-site coordination, we've got the knowledge to support you from start to finish.

COMPETITIVE TRADE PRICING

We offer excellent value on all our partitioning systems, helping you stay on budget without compromising on quality.

From high-spec boardrooms to practical open plan layouts, our range of **partitioning systems** gives you flexibility, speed, and quality on every install.

Entry Model Partitioning System

Affordable Performance. No Compromise on Quality.

The Entry Model is our most cost-effective system, ideal for CAT B fit-outs and commercial spaces where budget matters, but quality and ease of install still count. Lightweight, fast to work with, and fully demountable.

Best For: Refurbishments, simple space division

SYSTEM HIGHLIGHTS

- > Lightweight, economical design
- > Options for solid panels, single or double glazing
- > Choose from square or rounded profile edges
- > Fast-fit prefabricated door and window frame kits
- > Fully demountable and relocatable for future changes

Dimensions	Screen Options	Glazing Options	Profile Finishes	Glazing Finishes	Door Options

Performance Partitioning System

Robust, Reliable and Ready for High-Demand Spaces.

The Performance Partitioning System is engineered for durability and enhanced acoustic performance, making it ideal for environments where sound control, resilience and clean lines matter. Precision built with aluminium framing and a wide range of solid or glazed options, this system delivers serious functionality with a smart finish, and is fully demountable for easy reconfiguration.

Best For: Busy workplaces, meeting rooms, high-traffic zones

SYSTEM HIGHLIGHTS

- > Aluminium framed system for strength and stability
- > Up to 45dB (Rw) acoustic performance
- > Glazed or solid panels with high-impact durability
- > Option for heavy-duty doors and ironmongery
- > Fully demountable and reconfigurable

CLEAR MODERN & CLEAR PERFORMANCE

Clear Glass Partitioning Systems

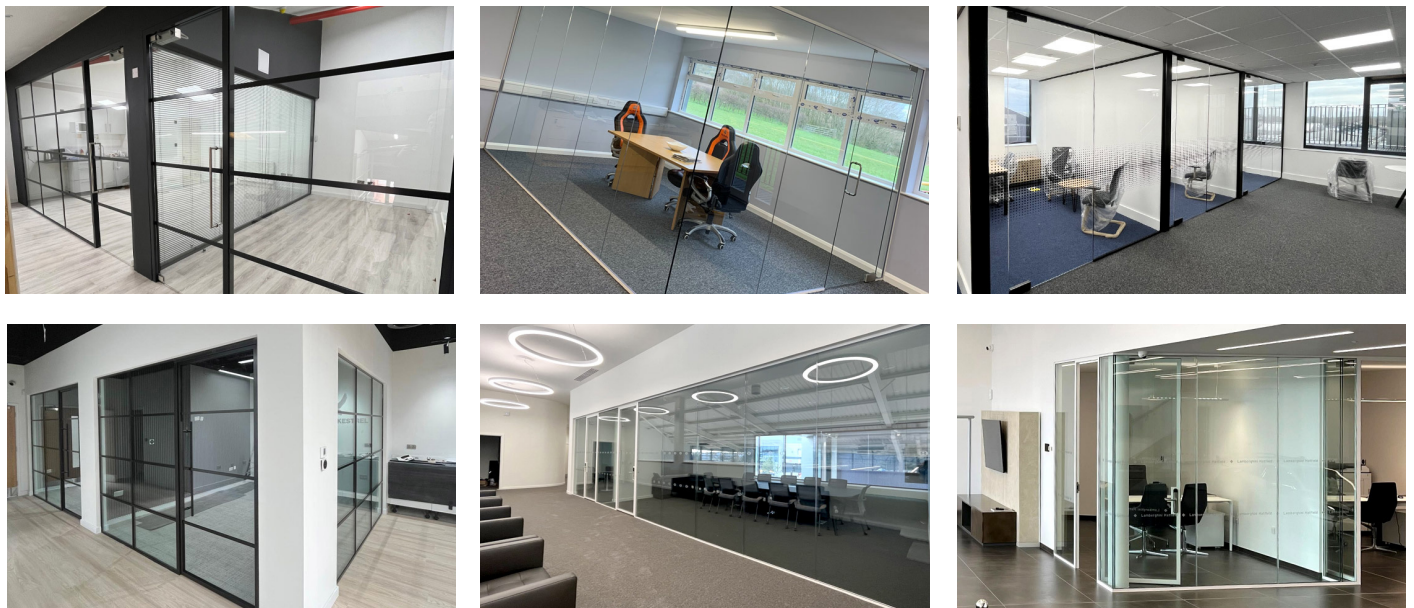

Frameless. Flexible. Future-Ready.

Our Clear Glass systems bring modern interiors to life. Whether it's our ultra-minimal Clear Modern single-glazed system or the double-glazed Clear Performance solution, both create open, light-filled environments with clean lines and discreet detailing. Both systems can be tailored with manifestations, acoustic doors, and seamless drywall integration.

Best For: Collaborative spaces, modern offices, executive areas

SYSTEM HIGHLIGHTS

- > Frameless appearance with slimline or double-glazed options
- > Aluminium profile available in any RAL/BS finish
- > Acoustic ratings up to 48dB (Rw)
- > Compatible with sliding, timber, or frameless glass doors
- > Fully demountable, sustainable components

Dimensions	Acoustics	Fire Rating	Glazing Options	Profile Finishes	Glazing Finishes	Door Options

Doors For Partitioning Systems

Designed to Integrate. Built to Last.

Our doors are designed to work seamlessly with any KCA partitioning system. From frameless glass sliders to solid core acoustic doors, we offer a full range of finishes, sizes, and configurations, all engineered for performance, style, and ease of install.

Best For: Offices, meeting rooms, executive spaces

VISION PANEL OPTIONS FOR PARTITIONING DOORS

We offer a wide selection of vision panel styles for partition doors, from full-length vertical glazing to compact rectangular and multi-panel layouts. All certified to meet FD30 fire rating where required, with

selected designs compliant with Building Regulations Part M for accessibility.

Available panel types for partition doors include:

- > Full height slimline panels (e.g. 150 x 1500mm)
- > Horizontal or vertical mid-height panels
- > Multipane designs for added style
- > Clear or frosted glazing options
- > FD30-rated and Part M compliant configurations

SYSTEM HIGHLIGHTS

- > Solid core, glass and sliding door options
- > Vision panel, lock and handle > integrations
- > Acoustic options available
- > Matching powder-coated frame finishes
- > Fast-fit kits for efficient installation

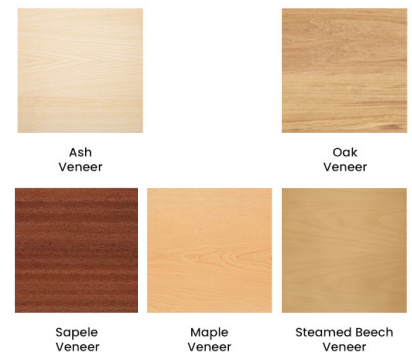

Our doors aren't just functional – they're made to complement and elevate the style of your workspace. Choose from:

Timber Veneers – Natural wood finishes including; Ash, Oak, Sapele, Maple, Steamed Beech Veneer

High-Pressure Laminates (HPL)

– Available in a wide range of plain colours and textured finishes. Ideal for high-traffic areas or design-led interiors.

Paint Grade or RAL Colour Matching – For full custom integration with corporate colours or architectural themes.

Built on Knowledge. Chosen for Support. Trusted for Delivery.

Partitioning systems that work, and a team that
backs you every step of the way.

Over 20 years supporting contractors across the UK with
high-performance partitioning systems for every scale of fit-out.
